

General Information for Pilots Flying to Temora Aerodrome
for
Warbirds Downunder - November 19, 2011
www.aviationmuseum.com.au

Warbirds Downunder

Temora Aviation Museum presents Warbirds Downunder on November 19, 2011. This event will be an airshow featuring an incredible collection of warbird aircraft and current serving military aircraft.

To enable the day to flow smoothly, Temora Aviation Museum, Temora Shire Council, and Temora Aeroclub are implementing arrival, departure and parking procedures for all visiting aircraft.

Arrival

Temora Aerodrome is served by three runways and the duty runway will depend on the conditions of the day. Pilots are encouraged to check NOTAMs before arrival.

Unicom

A Unicom service will be operating for Warbirds Downunder on Temora CTAF **126.15** with arrival and departure advice offered. Temora Aerodrome now has an AWIB on **134.45**. This is a non-continuous broadcast device and requires a short transmission on the frequency to activate the AWIB for two minutes.

Ticketing

Admission to Warbirds Downunder:

Adults	\$30.00
Adults over 65	\$25.00
Children (3-18)	\$10.00

We encourage our fly-in visitors to purchase admission tickets online before the show which will streamline the entry process. Tickets will also be available at the gate and at Temora Aeroclub.

Aircraft Parking

General parking for all aviators will be immediately west of the approach end of Runway 36 (see attached map). This area was specifically prepared by Temora Shire Council as an aircraft parking area and tie down cables run north/south throughout the paddock. Marshalls will direct you for parking. Access to your aircraft **will not be permitted** during the air display as the aircraft parking area is under the aerobatic display flight line. Please remember to take all your personal belongings with you when you leave your aircraft as you **will not be permitted** to return until after the flying display has finished.

Transport from the aircraft parking area to Warbirds Downunder entry area will be provided. As the airfield will still be active upon your arrival, pilots and passengers **will not be permitted** to walk across the airfield. A shuttle service will also be provided to return you to your aircraft after the flying display.

The sealed tarmac areas around the Temora Aviation Museum and Temora Aeroclub will be reserved for jets and aircraft that require high strength pavement. These areas will not be available for general parking. Please consider this requirement if you intend to arrive on Thursday or Friday as it will save you moving your aircraft.

Please do not bring any pets. Only Guide Dogs will be allowed entry to Warbirds Downunder.

Jet and Large Aircraft Parking

All operators of jet, turbo prop and large aircraft (DC-3 etc) are encouraged to contact Peter Pring-Shambler at Temora Aviation Museum on 02 6977 1088 in advance to ensure adequate parking is available.

Aircraft Parking – Wet Weather

If substantial rain is received in the week leading up to Warbirds Downunder, and Temora Shire Council deems that grass areas are too soft, Council will close Runway 09/27 and make it available for aircraft parking. If these arrangements are in place, all aviators will need to be patient with marshallers as aircraft may need to be pushed into place after shut down. Please bring a portable towbar/steering arm for your aircraft.

Tie Downs for all Aircraft

Please bring tie down pegs and ropes/straps for your aircraft. All aircraft are required to be tied down in case of inclement weather.

Fuel

AvGas and Jet-A1 fuel will be available Friday and Saturday via tanker trucks from Skyfuel. Forms of payment accepted are Visa, Master Card, Diners, American Express and Cheque.

Call **Rob Mangan** on **0418 862 100** before or during your visit to arrange fuel.

All pilots that purchase fuel from Skyfuel on Friday Nov 18th or Saturday Nov 19th will go in the draw to win 100 liters of AvGas from Skyfuel. www.skyfuel.com.au

Times for November 19th

Warbirds Downunder gates open at 0830.

Temora Aerodrome will close with Restricted Area R-406 becoming active at 1045 (local) to enable the flying display to commence.

The Aerodrome will re-open at approximately 1600 (local) however, in any case, the Aerodrome will not be opened until after the flying display has finished.

Note: Temora Aerodrome will be closed to all traffic except airshow participants. Please plan your arrival and departure times outside of R406 Activation.

Departures

A Unicom service will be operating after Warbirds Downunder which will assist all pilots with a coordinated and expeditious departure. **Unicom – 126.15.**

Contact

For additional information or assistance with Aerodrome related matters please contact Temora Shire Council's Aerodrome Manager Fabio Giacomini on 0429 771 099.
